Natural ingredients

- Benefits for the skin -

- Thanks to the complex of **oils**, the hand skin remains moisturised,
- Creams improve the hand skin elasticity, leaving it **smooth and soft to the touch**,
- Thanks to the **urea** content, the hand skin is free from irritation
- Creams leave a long-lasting, **intense fragrance**,
- The cosmetics are unisex - they can be used by men also thanks to 4 different fragrances to choose from.

- For whom and why -

- Target group: 18+
- Adequate price-quality ratio,
- Very little competition (mainly in the professional manicure products for beauty salons).
