Embrace life in harmony with nature and help your skin do the same!

Full of kindness!

Coconut oil is one of the healthiest oils in the world that well nourishes and soothes the skin.

Shea butter also known as *karité* – 'life' in French – is rich in **vitamin A and E** whilst being a natural UV filter.

Aloe Vera is a wonderful combination of vitamins and microelements, glycoprotein, polysaccharides, polypeptides, and amino acids that prevent the skin from drying out whilst having protective qualities.

Aquaxyl is responsible for the circulation of water in the epidermis and for retaining the water within the skin.

Betaine is a natural amino acid, that guarantees deep nourishment of your skin.

The '**omega plus**' combination of oils protects the skin from losing moisture and from the negative impact of external factors whilst having skin firming qualities.

Hemp oil made from medical cannabis is one of the most precious oils in the world that protects the skin from losing moisture, revitalises and nourishes it whilst improving overall skin condition.

Sage extract has cleansing and moisturising qualities, and **goji berry extract** is a natural way to keep you skin looking youthful thanks to being rich in antioxidants.

Squalene, found amongst others in human skin and shark liver is an ingredient with highly moisturising and softening qualities.

SyriCalm™, **flax and cucumber extracts** are packed with precious ingredients that have moisturising, smoothing and soothing effects.

Plantain extract is a precious plant extract that has been used even during the ancient times! Its qualities help to bring elasticity and to firm the skin whilst reconstructing it.

Dragon's Blood is a strong antioxidant with revitalising qualities.

7 natural oils – thanks to grape seed, avocado, olives, almonds, soy and sunflower oils, vitamin E and the beta-carotene I have anti-oxidating, revitalizing and anti-wrinkle effects.

50% is hemp oil – protects the skin from losing moisture, reconstructs and nourishes it whilst improving overall skin condition.

Coenzyme Q10 and vitamin E – antioxidant qualities with rejuvenating and reconstructing effects.

Red clay – rich in minerals, has a soothing effect on skin, reduces redness and improves the condition of capillary skin.

Green clay – rich in minerals, has cleansing qualities and reduces the production of sebum.

Coconut water – rich in minerals and vitamins including vitamin C and has antioxidating, conditioning, moisturising and smoothing qualities.

This is your recipe for beauty, in a natural way!
